GROUP HOSPITAL INDEMNITY

Supplemental Hospital Indemnity
Policy Series CAI8500NC-SFA

HI2^G

Will your major medical insurance cover all of your bills?

Supplemental hospital indemnity insurance provides financial help to enhance your current coverage.

Your health insurance plan may pay only a portion of the total expenses a hospital stay or medical treatment requires. That likely would leave the rest of the bill for you to pay, plus any deductible or other expenses that are not covered by the plan. As a result, you could incur significant out-of-pocket expenses if you or a family member were hospitalized.

You don't want to be caught unprepared in a medical emergency and have to rely on your family's savings to cover the extra expenses you may face. This plan can help cover those expenses and protect your savings.

BENEFITS

HOSPITAL CONFINEMENT (UP TO 180 DAYS PER CONFINEMENT)

Plan 2 - \$200 per day

This benefit is paid when a Covered Person is confined to a hospital as a resident bed patient because of a Covered Sickness or as the result of an Injury. To receive this benefit for an Injury the Covered Person must be confined to a hospital within 6 months of the date of the Covered Accident. This benefit is payable for only one hospital confinement at a time even if caused by more than one Covered Accident, more than one Covered Sickness, or a Covered Accident and a Covered Sickness.

HOSPITAL ADMISSION

Plan 2 - \$300 per admission

The benefit is paid when a Covered Person is admitted to a hospital and confined as a resident bed patient because of an Injury or because of a Covered Sickness. In order to receive this benefit for an Injury the Covered Person must be admitted to a hospital within 6 months of the date of the Covered Accident.

We will not pay benefits for confinement to an observation unit, or for emergency treatment or outpatient treatment. We will only pay this benefit once for each Covered Accident or Covered Sickness. If a Covered Person is confined to the hospital because of the same or related Injury or Sickness, we will not pay this benefit again.

HOSPITAL INTENSIVE CARE (30 DAY MAXIMUM FOR ANY ONE PERIOD OF CONFINEMENT.)

Plan 2 - \$200 per day

This benefit is paid when a Covered Person is confined in a hospital intensive care unit because of a Covered Sickness or due to an Injury. To receive this benefit for injuries received in a Covered Accident, the Covered Person must be admitted to a hospital intensive care unit within 6 months of the date of the Covered Accident.

We will pay benefits for only one confinement in a hospital intensive care unit at a time, even if it is caused by more than one Covered Accident, more than one Covered Sickness, or a Covered Accident and a Covered Sickness. If we pay benefits for confinement in a hospital intensive care unit and a Covered Person becomes confined to a hospital intensive care unit again within 6 months because of the same or related condition, we will treat this confinement as the same period of confinement.

SURGICAL AND ANESTHESIA BENEFIT

Plan 2 - Surgery up to \$2,000; Anesthesia up to \$500

This benefit is paid when a Covered Person has surgery performed by a physician due to an Injury or because of a Covered Sickness. Surgical and anesthesia benefits are available subject to plan definitions and the surgical schedule. (The anesthesia benefit will be 25% of the surgical benefit performed.)
